**Keys to a Successful *Awesome Fund* Grant Application.** Successful *Awesome Fund* grant applications aim to ***help other students, enhance the community, or heighten students' educational experience and their interest in school.***

In your Grant Application be sure to:

- collaborate with your club members, your advisor, and other educators/helpers to make your project a success;
- use the form provided;
- describe how your fellow students will benefit directly from your project;
- describe how your project will be a success;
- describe project expenses clearly; and
- list any other sources of funding available to your club.

**Additional Guidelines.** HEF will likely not approve applications which repeat previous similar student club projects, request significant transportation expenses, lack sufficient detail to understand how your project will work; lack student response to follow-up requests for more information; benefit very few compared to the cost; requests things the school district provides; or has better suited funding options available. HEF cannot approve applications which request building alterations, child care, food, raffles, door prizes or other incentives; money to set up a foundation, trust, bank or investment account; money for other organizations; or money which may create a liability.
